

# ADVANCED PLACEMENT CALCULUS RESULTS

For Mr. Kightlinger's Students

- 5 → extremely well qualified
- 4 → well qualified
- 3 → qualified
- 2 → possibly qualified
- 1 → no recommendation

Most universities accept a 3 as a passing score, while some universities require a 4 or even a 5 as a passing score. A passing score earns one semester of college calculus credit that the student does not have to pay for other than the approximately \$85 for the cost of taking the AP Calculus Exam.

Usually, around 60% of the students who take the AP Calculus Exam earn a passing score.
